4. Make sure you've got your headphones on

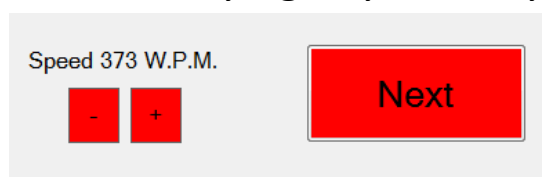

5. Read the chapter – you move through each word by pressing the space bar

\*\*\* If you don't know a word, press any letter on the keyboard and the computer will read it to you \*\*\*

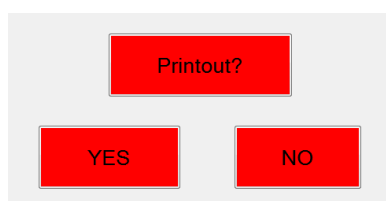

6. When you have read it one time, press the **Next** button and the computer will play it back – saying any words you did not know

7. Once you have read it again, answer the questions by clicking the on the coloured buttons

8. Once you've answered the questions, press **YES** to print out your sheet

9. Put the printout into your Speedy Readers folder, and read to your Reading Partner later in the day
