What's coming in October – December 2017 . . .

During the second term we are starting to revisit [Steps to Success – The Highland Literacy Progression](#), to align our current progression with the CfE Benchmarks. Drafts of the materials at Early Level will be made available through the Emerging Literacy networks for consultation.

Resources

As part of the whole-school audit, some schools have begun to think about tracking the progress of Concepts of Print and Oral Language. We have created some draft tracker materials which some schools are trying out. If you would like to trial these, email james.cook@highland.gov.uk.
